Architonic is the world's leading research tool for the specification of premium architectural and design products. Our curated database currently provides information about more than 300,000 products from 1,500 brands and 10,400 designers. 16 million architects, interior designers and design enthusiasts annually choose Architonic as their guide to the very best. For Orgatec 2016, we have identified the top 10 most popular lounge chairs on architonic.com from Orgatec 2016 exhibitors.

The ranking is based on the number of page views on architonic.com, which depends on different traffic sources linking to the respective product, such as product-group navigation on architonic.com, Google relevance and advertising campaigns linking to the product sheet among others. The rankings are limited to Architonic Member brands exhibiting at Orgatec 2016 and their products.

All information was collected in the period 15 March to 15 September 2016.

ORGATEC 2016, 25. – 29. OKTOBER IN COLOGNE, HALL 8, STAND B50

The background of the advertisement is a photograph of a rugged, rocky coastline with waves crashing against the shore. In the foreground, a modern black office chair with a white seat and a light-colored wooden desk are positioned. On the desk, there is a bottle of water, a small white container, and a pen. In the background, a man in a black wetsuit is standing on a sandy beach, holding a surfboard. The overall scene suggests a blend of nature and modern design.
