PRODUCTS & NEWS APP

Archtonic produces customised apps exclusively for its members! You can make your tailor-made app available in the AppStore or Google Play in a matter of weeks. And there's no additional work for you to keep it up to date, as we continuously access your products and reference projects in the Architonic database.

VIRTUAL REALITY

Archtonic has teamed up with leading virtual-reality experts designconnected.com to bring you a suite of cutting-edge digital services that will transform the way your products are experienced. We can provide you with powerful, bespoke sales and marketing content for you to use everywhere, on any type of online and offline channel.

Step One: Product digitisation

Let us create high-end, photo-realistic 3D model files of your products for use by render studios and CAD files in various formats for architects and planners to use in their BIM and planning software.

Step Two: Product Visualisation

- Allow us to create a collection of immaculately rendered virtual photographs of your products, showing them from any perspective and presenting them in any colour and material of your choice.
- Either following your creative direction or allowing us to develop a concept based on an initial brief from you, we can bring your products to virtual life by producing tailored digital photo-shoots, videos and interactive that present and animate them in a carefully crafted and unique interior-architectural space.

FOR RETAILERS & AGENTS

MEMBERSHIP FOR RETAILERS & AGENTS

Every working day more than 150,000 product data sheets are accessed at architonic.com. Every time a data sheet is accessed our WHERE TO BUY? service appears, exclusively listing the specialist retailers and agents who are our members in the specific locality.

AXOR

It began with a spark... it has burned for 333 years.

The difference is Gaggenau.

In 1683, from the depths of the Black Forest, a flame sprang to life and the age of the industrial craftsmanship began. 333 years of working with metal is an achievement only few can claim. It exposes a success that has crossed time, distance and cultures. Gaggenau is not just a kitchen appliance; it is the soul of a home. Experience the difference. Hall 9, booth A 07.
