A photograph of a minimalist dining set. It features a long, light-colored wooden table with a simple, straight design. In the foreground, a white, modern-style chair with a curved back and four legs is visible. Another similar chair is partially visible behind it. The setting is a bright, clean room with a light-colored floor and a white wall.

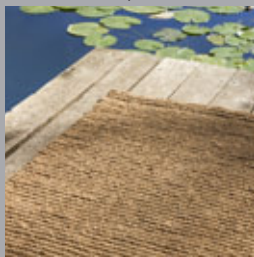

A white, tufted sofa with a ruffled backrest, set against a dark background. The sofa has a classic, elegant design with deep tufting on the seat and backrest, and a decorative ruffle along the top edge of the backrest. It is positioned in a minimalist setting with a dark floor and a dark, textured wall.

Culinary art starts with the first course. Culinary culture sooner than that.

Come and see us in person at stand A 12 in hall 9.

The ambitious kitchen is a place of exacting demands in terms of equipment, ingredients and techniques. The Vario cooktops 400 series has been meeting these demands from the beginning – with appliances developed to meet any challenge. Made from solid stainless steel, the appliances can feature a visible edge for a conscious design statement or be flush-fitted. Whatever combination you choose, you can look forward to exceptional freedom – for decades to come. The difference is Gaggenau.
