Index 4

Building Shells

Building shells, building materials, Metal construction (systems), Metal construction (treatment)

Hall 1.0 6

Building Shells

Insulation, seals, Structural engineering, Outdoor areas, Windows, doors, Building site, equipment depot, Heating, energy in buildings, Ventilation, air conditioning, refrigeration, Building automation, electrical engineering, Management, use of buildings, Swissbau Innovation Lab

Hall 1.1 8

Interior Finishing

Floor, wall, ceiling; light, Kitchens, Bathroom, sanitary installations, Bathroom Trends, IT solutions

Hall 2.1 12

Hall 2.2 14

The Architonic Guide allows you to find the best exhibitors quickly. Architonic's selection is purely an editorial one and is limited to high-end manufacturers whose products are relevant to the design of buildings and spaces.

It's a guide by architects for architects.

Powered by our Partner

An advertisement for Architonic Report #51. It features a tablet displaying the report cover, which has the word "Office" in large white letters. Above the word, it says "ARCHITONIC REPORT #51" and "21 AUGUST 2019". Below the word, there is a black banner with white text that reads "YOUR PARTNER FOR THE LATEST, MUST-KNOW PROJECTS AND PRODUCTS". To the right of the tablet, there is a QR code and the Architonic logo (the word "ARCHITONIC" above a horizontal line). The background of the advertisement is a blurred image of a modern interior with wooden walls and a white circular object.

Hall 1.1

FREEDOM OF LIGHT FOR AGILE WORK SPACES.

A.24

design: Carlotta de Bevilacqua

Modern working worlds require maximum mobility and adaptability. Optimum lighting and creative flexibility are offered by the innovative A.24 lighting system: The delicate, just 24 mm deep profiles can be freely installed in the room, up to 14 m, as recessed, ceiling or pendant lighting. A range of performance solutions fits seamlessly into the profile: diffuse light, sharp light guides or an intelligent magnet track which can flexibly accommodate spotlights such as the efficient Vector. All modules can be operated comfortably via the Artemide app or DALI. **Call on us in Hall 2.1 / Stand G13 and experience the visionary lighting solutions for yourself – together with the holistic office concepts from König + Neurath.** www.artemide.com
