A NEW LIGHT

2018

**We want to
show you a
new light.**

A new way of doing things is surfacing in our society and everything around us. Work, tradition and the value of well done things. Knowing how to transmit it and live it. That's what drives us. Because we don't want just to sell a product, but spreading a new way of seeing life. We want to show you a new light.

Una nueva forma de hacer las cosas está inundando nuestra sociedad y todo lo que nos rodea. El trabajo, la tradición, el valor de las cosas bien hechas. Saber transmitirlo y vivirlo. Eso es lo que nos mueve. Porque no queremos vender un producto, sino transmitir una nueva forma de ver la vida. Queremos enseñarte una nueva luz.

When in 1943 Antonio Almerich Villanueva founded the company with very modest means, he could not suspect how his project would be developed. His fighting spirit allowed him to delude us and today we form a modern company, referring in the sector of the lighting world-wide by our design and quality. Almerich has been able to evolve without losing its roots.

We know that having 75 years of history is a commitment and we firmly believe that maintaining the renewing spirit that characterizes us brings us a guarantee for the future. In each of our departments live young people, dynamic and source of new ideas with professionals who have spent decades in Almerich and who know their craft to perfection. They have been able to convey to the contemporary designs the best of our long experience in classic.

Now Almerich reinvents itself merging its best tradition with the most actual contemporaneity, searching for sophistication based on craftsmanship, innovation and culture of design. Timeless and sensitivity are mixed now with it's maximum exigency. A new phase of hope, passion and emotion to rediscover and nd ourselves. Image, concept, product and history. A new story. A new light.

Cuando en 1943 Antonio Almerich Villanueva fundó la empresa con medios muy modestos, no podía sospechar cómo ni por dónde se desarrollaría su proyecto. Su espíritu luchador le permitió ilusionar a los que recogimos su testigo y conformamos hoy una empresa moderna, referente en el sector de la iluminación a nivel mundial por nuestro diseño y calidad. Almerich ha sabido evolucionar sin perder sus raíces.

Sabemos que tener 75 años de historia es un compromiso y creemos firmemente que manteniendo el espíritu renovador que nos caracteriza tenemos una garantía de futuro. En cada uno de nuestros departamentos convive gente joven, dinámica y fuente de nuevas ideas con profesionales que llevan décadas en Almerich y que conocen a la perfección su oficio. Ellos han sido capaces de transmitir a los diseños contemporáneos lo mejor de nuestra larga experiencia en clásico.

Ahora, Almerich se reinventa fusionando su mejor tradición con la más actual contemporaneidad, buscando una sofisticación basada en la artesanía, la innovación y la cultura del diseño. Atemporalidad y sensibilidad se conjugan ahora con la mayor de las exigencias.

Una nueva etapa de ilusión, pasión y emoción.

Para redescubrir y redescubrirnos. Imagen, concepto, producto e historia.

Una nueva historia. A new light.
