LIGHT-POINT

WE BELIEVE IN CREATING LIGHT

At LIGHT-POINT we have one goal - to improve the everyday **life** of people all over the world. Our lamps are designed to provide inspiration, and to solve everyday needs, be it lighting your home **interior**, your office or public spaces. Our **design** is not driven by current trends, since we believe that a classic, minimalistic design with the right function will last for generations and bring **character** into any **environment**.

Light is essential for a good quality of life, since it helps to stimulate our main sense organ - the eye. The wrong kind of light can cause discomfort, while the correct light can impart a sense of **energy** and **comfort**. Light has always had a decisive influence on how we experience the world around us and interact with one another. We are fortunate enough to live in a world, where we as consumers can choose to switch between night and day according to our whims. In short, we can construct the exact life suiting our **individuality**, because we are not dependent on daylight to be able to function, and can for instance choose to work at night and sleep during the day. This places great demands on how we approach future light solutions, and the possibilities for **innovation** when developing a lighting product. At LIGHT-POINT we take this task very seriously.

Based in Denmark in the heart of Copenhagen, where natural light fluctuates with the seasons, we know all about human beings' need for light. Our simple minimalistic design allows us to focus on the fundamental as-

pects of light be it ambient or functional - suitable for any conceivable situation. When we experiment with shapes and colors, we do so in pursuit of the greatest quality and application of light.

Light can shape the **atmosphere** of a room, and by using the correct kind of lighting it is possible to impart a sense of **flexibility**, character and spaciousness into a place. Our light consultants have a deep interest in providing inspiration and helping our customers find the ideal placement for their lighting to ensure that it creates the right **ambience** and emphasizes the details and defining features of a building.

At LIGHT-POINT our ambition is to develop the light of tomorrow, and we go above and beyond when it comes to achieving this dream. In step with the increasing use of LEDs in lighting, we want to make sure that we constantly move in the right direction and make use of this unique source of light.

Before developing a new product, we think about the lighting effect we wish to achieve, and this becomes the essence of the design, and results in a product we can be proud of.

We would now like to introduce you to our world of light solutions, and our passion for **aesthetics** and **functionality**.

Enjoy

A tender is binding for three weeks from the date of the tender.

Dispatch/return of goods

Delivery will be EXW LIGHT-POINT A/S' warehouse (Incoterms 2000) unless other terms have been explicitly agreed upon. When buying any of LIGHT-POINT A/S' goods for resale buyer shall defray all freight charges himself.

Dispatch will take place at buyers' own account and risk. When delivery has been agreed to be free of carriage the cost of dispatch is included in the price and the dispatch will be at the risk of LIGHT-POINT A/S. Buyer is only entitled to annul the order due to delay provided delivery is delayed for more than 30 days. Returned goods will only be received when prior agreement of return has been reached and then only in the original wrapping and in an undamaged state. A copy of the delivery note or the invoice must accompany the returned goods.

Erroneous orders for standard goods will be deducted 20% for handling and control. Special goods, procured goods and unwrapped light sources will not be accepted for return.

Prices

All prices are current prices stated in DKK exclusive VAT, government taxes and light sources unless otherwise stated. All prices are stated without prejudice to printing errors, price changes and discontinued goods.

Payment

Unless otherwise stated in LIGHT-POINT A/S' tender or other written agreement our terms of payment are net cash at delivery/collection. At delay in payment a fee of DKK 100.00 and interest of 2% per commencing month will be added.

Notification of defects

Buyer is obligated to examine the goods immediately after receiving them. Notification of defects must be given to LIGHT-

POINT A/S within 8 days of delivery. If buyer does not notify LIGHT-POINT A/S of defects within this time-limit he will not be able to cite any defects at a later date.

Expenses incurred by buyer in connection with cited defects are not covered by LIGHT-POINT A/S unless LIGHT-POINT A/S has received the notification of defects and has given a written acceptance to cover the costs.

Warranty

Products which have a manufacturing fault or a flaw in the material will be repaired without cost or exchanged in accordance with the rules in the Danish Sale of Goods Act and to the same extent that the warranty from sub-suppliers covers. Light sources are not covered by warranty.

Exemption of liability

Non-fulfilment including delay or delivery of defective goods will only justify buyer compensation provided buyer documents that the non-fulfilment is caused by gross negligence on the part of LIGHT-POINT A/S. However LIGHT-POINT A/S is in no case responsible for operating loss, loss of time, loss of profits or other like indirect losses including daily fines inflicted on buyer.

Product liability

The company is only responsible for product liability in accordance to the rules in the Danish Product Liability Act. Beyond this the company is not responsible for product liability.

Disputes

Disagreements in connection with the cooperation of the parties with reference to this agreement must be solved according to Danish law, in as much as the parties agree that the venue shall be the Maritime and Commercial High Court in Copenhagen or alternatively the City Court of Copenhagen.
